Our mission of Making Communities Healthier® has always been central to the contributions we make to Logan County and the surrounding area. As our region found itself impacted by the COVID-19 pandemic, that mission became even more critical to the well-being of our community. We are proud to be part of a national healthcare network that provided quality care for more than 20,000 COVID-19 patients in 2020 – including those here at home. LifePoint Health’s continued support – and yours – allows us to create places where people choose to come for healthcare, physicians want to practice and employees want to work. As we look ahead to a bright future, we look forward to further enhancing how we serve our neighbors today and for generations to come. Thank you.

— David Brash, CEO

In 2020, we...

...added five affiliated providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in emergency care and cardiology.

...made more than \$340,000 in capital improvements

By continually investing in our facilities, we’re helping to ensure that we continue to meet our community’s health care needs. This year’s investments included a new ultrasound, EKG unit and bone density equipment.

...distributed a payroll of \$11,259,729 to more than 200 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

...donated more than \$2.7 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$1,478,652 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.

In September, **LMH** hosted a visit from U.S. Senator Mitch McConnell to discuss issues important to the care LMH provides.

LMH's healthcare heroes are also proud to be vaccine heroes and help put the pandemic behind us.
