There is nothing that our dedicated team holds more sacred than the honor of serving this community and being entrusted to take care of our friends and neighbors. As one of this area's essential providers of healthcare and as a large employer, our hospital is proud to call this community home. We are proud to have joined ScionHealth, a national health system dedicated to excellence and empowering care for health providers in our community. In addition, we are thankful for partners like you who help us to advance our mission of providing great healthcare to our community and creating a place where great physicians and caregivers want to work. Thank you.

— Andrew Bedi, CEO

In 2021, we...

...added 26 affiliated and telemedicine providers

Inviting the best possible providers into our community and supporting them is essential to ensuring access to high-quality care. This year, we added providers in OB/GYN, emergency care, anesthesia, teleradiology, telecardiology and teleneurology.

...made more than \$1 million in capital improvements

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included a new primary care location in Elkton, a family practice acquisition and new equipment for surgical services.

...distributed a payroll of \$13,116,875 to more than 200 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and service.

...donated more than \$3.7 million in services to those in need

Delivering care to all of our neighbors, regardless of their ability to pay, is foundational to our mission and our commitment to our community.

...paid \$1,927,016 in taxes

We are proud to be a leader in our region, and our dedication to ensuring fiscal responsibility extends both to our hospital and to our community.
